Government of Maharashtra

on 01 February, 2020

00134880

No. of 1910.

From,

MAJOR F. deB. HANCOCK,

POLITICAL AGENT, Maliya.

To,

THE AGENT TO THE GOVERNOR,

IN KATHIAWAR.

Political Agent Maliya's Office.

Camp Rajkot, June 1910.

SIR,

I have the honour to submit the Annual Administration Report of the Maliya Taluka for the year ending 31st March 1910.

13488

CHAPTER I.

General and Political.

Area...	...	103 square miles.
Population	...	9075.
Gross Revenue	...	91882.
Baroda Tribute	...	Rs. 1182.
Junagadh Jortalbi	...	Rs. 185.
Total Rs.		1367

The Ruling family.

2. Thakore Raisinhji Modji, the Chief, is 44 years of age and a Jadeja Rajput by caste; his wife is a daughter of the Malvan Bhayat of Dhrangadhra. He has three sons of whom the eldest Kumar Shri Gumansinhji is the heir apparent. That Kumar is 24 years of age. His younger brother Kumar Bharat sinhji who is now 16½ years of age is receiving his education in the Talukdari Girassia School at Wadhwan. The youngest Kumar Balsinhji is 8 years of age and studies in the local school at Maliya. Bai Shri Subjiba the widow of the late Chief continues to reside on a suitable "Jiwai" at Khakhrechi.

Important events.

3. During the year under report no event worth noting took place.

4. Kumar Shri Gumansinhji continued to work as the Revenue Adhikari of the Maliya Division of the Taluka and to exercise the powers of a Third Class Magistrate. I made a tour of inspection in the month of October 1909 and Mr. Monteath visited Maliya in February 1910.

State and Residency officials.

5. The personnel of the State appears in Appendix I. The present Thandar Azam Meruji Dosaji Chudasama who is a B. A. L. L. B. of the University of Bombay continued in the office of Thandar throughout the year.

CHAPTER II.

Administration of the Land.

Revenue and Settlement.

6. The system remains the same as reported last year and no changes have taken place. The "Chokhabhag" system continues to prove suitable.

Land Improvement.

7. About one santi only of the Karadia reclamation has now become fit for cultivation, and the Thandar has been directed to take early steps to get it cultivated. So far some difficulty is experienced owing to the distance of the reclaimed area from the nearest Khalsa Village of the Taluka; and it may eventually prove necessary to establish another small village near the land. State plantations of cocoanut trees and date palms were started on a small scale during the year and are now in a satisfactory condition.

Taccavi advances.

8. During the year under report, it was found necessary to advance Rs. 609 on account of taccavi to State cultivators.

CHAPTER III.

Legislation.

9. (a) The rules for the better control of Mianas published in 1904 were revised during the year under report.

(b) The special set of rules framed by Colonel Salmon for the settlement of intercommunal disputes regarding Miana women, was abolished with effect from the 1st September 1909, and the ordinary provisions of law were made applicable to all offences relating to marriage etc. amongst the Mianas.

(c) With the sanction of Government a special enactment was also brought into force during the year under report, under which Miana

women are now liable to punishment for abetment of adultery notwithstanding any thing to the contrary in section 497 of the Indian Penal Code.

Military force.

Military force.

10. The State possesses no Military force.

Police.

Police.

11. The strength of the force including a Fouzdar or Chief Constable in charge is now 11 mounted and 35 foot police as compared to 12 mounted and 32 foot police last year. The force is armed with breech and muzzle loading carbines and rifles. The mounted men are also armed with swords and the foot police with bayonets. The ratio of police to population is 5.06 per mille and to area ·44 per square mile. The total cost was Rs. 15,275, as compared to Rs. 15,063 in the preceding year.

Working of the Police.

12. Appendices V, VI and VII show the working of the force. The percentage of convictions to accused arrested and sent for trial works out at 90.81 and 91.75 respectively as against 67. 64 and 79.31 in the preceding year. The percentage of recoveries of stolen property has also improved from 52. 11 to 65. 63.

Village Police.

Village Police.

13. There has been no change in the strength or organization of this body which still consists of 66 men (last year's figure of 65 was incorrect). Of these 13 who serve in the town of Maliya and are termed City Police, remain under the control of the Chief Constable and the rest continue for the present under the direct control of the Chief Revenue Officer-the Thandar. A few of these men are armed with guns and the rest have various weapons such as swords, spears or knives. In addition to their revenue and chowkidari duties they have to render the usual assistance to the regular police in criminal matters.

Criminal Justice.

14. No change has been made during the year in the number or constitution of the criminal courts of the State which remain as follows:—

The Court of the Political Agent in Charge exercising the powers of a District Magistrate and an Assistant Sessions Judge.

The Court of the Thandar exercising the powers of a First Class Magistrate.

The Courts of the Wahiwatdar of Khakhrechi and the Revenue Adhikari Maliya exercising the powers of a Third Class Magistrate.

Thakore Raisinhji continues to be an Honorary Magistrate.

15. The work done by these courts during the year is shown in Appendix VIII which shows an increase of 14 and 21 in the number of offences reported and the number of offenders brought to trial respectively, as compared with those of last year.

Criminal Appellate Work.

16. No appeal was preferred to this court during the year.

Civil Justice.

17. There has been no change in the constitution or number of the Civil Courts of the State which remain as follows:—

Courts of Civil Justice.

The Court of the Political Agent in Charge, empowered to hear original suits to the value of Rs. 10000 and appeals against the decisions of the lower courts.

The Court of the Thandar empowered to hear original civil suits to the value of Rs. 5000.

The Court of the Wahiwatdar of Khakhrechi empowered to hear suits to the value of Rs. 250.

18. 48 suits were filed during the year as compared to 50 last year and the number of cases disposed of was 53 as compared to 48. The value of suits instituted was Rs. 12,175-7-9½ as compared to Rs 9,744. There were three cases relating to land as compared to 6 last year. The average duration of suits remained the same i. e. 1 month and 21 days. Appendix X furnishes the details.

19. The number of applications for the execution of decrees made during the year was 40 as compared to 31 in the preceding year; while the number disposed of was also 40 as against 31 last year. 7 applications only remained for disposal at the end of the year two of which were for a period of more than 6 months. Details are given in Appendix XI.

Excution of decrees.

Extradition.

20. Eight demands were made on the State during the year and complied with without delay. The States affected were Jamnagar and Morvi to whom 13 persons were made

Extradition.

over. One demand was preferred by the Taluka upon the Dhrangadhra State by whom 2 offenders were duly handed over for trial.

Prisons.

Buildings.

21. There is only one Jail at Maliya. It was visited twice by the Political Agent in charge and certain necessary improvements referred to in last year's report have been now put in hand. Prisoners sentenced to a term not exceeding 2 years are now accommodated in this Jail, those whose term of sentence exceeds 2 years still being sent to the Rajkot prison. The Thandar of Maliya is the Superintendent of the Jail. The details furnished in Appendix XIII show an increase in the number of prisoners which was 88 during the year as compared to 60 in the preceding year, the daily average being 9.11 as compared to 4·78. The treatment of the prisoners was satisfactory and their health and conduct were good. The total cost of the jail was Rs. 954 as compared to Rs. 823 in the preceding year.

Registration.

22. 59 documents were registered during the year as compared to 28 in the preceding year. The value of documents registered was 25,075 as compared to Rs. 7,555 in the previous year. The fees realized were Rs. 167 as compared to Rs. 60 in the previous year. Details are furnished in Appendices XIV and XV.

Municipal Administration.

23. There is no regular Municipality in the State; but the streets of the town of Maliya are lighted and cleaned at the expense of the State, which spent on this object a sum of Rs. 1083 as compared to Rs. 825 in the preceding year. This appears in Appendix XVI. The sanitaion of the town is looked after by a special peon under the supervision and orders of the Thandar.

CHAPTER IV.

Production and Distribution.

Weather and Crops.

24. The total registered rain fall was 14.83 as compared to 14.50 in the preceding year, while the average rain fall of the past five years is 19.57. Unfortunately the later rains failed and realizations were therefore only about 12 (twelve) annas in the rupee. This deficit however was to some extent compensated for by the high prices of cotton realized by the State.

25. Both the rates of wages and the demand for labour were normal during the year. The prices of grain were slightly higher than usual. No relief works had to be opened.

Wages and Labour.

26. There is no forest in the State. A certain amount of Babul is grown and is utilized for agricultural purposes and fuel.

Forest.

27. There are no industries of any importance in the State and there is only a small trade in cereals and cotton.

Trade and Manufacture.

28. There is no regular Public Works Department in the State. Necessary minor works and repairs were carried out during the year under the supervision of the Thandar as usual. The details of the expenditure of Rs. 7617 incurred on this account are furnished in Appendix XIX.

Public works.

29. There are three post offices in the State, at Malia, Khakhrechi and Wadharwa. There is also a Telegraph Office at Maliya.

Post office.

Mint.

30. There is no mint in the State.

31. The year was on the whole favourable to both the State and the people who continue to gradually recuperate from the effects of past years of famine and scarcity. The public health was fair throughout the year. The returns furnished in Appendix XXIV show a decrease in the birth as well as the death rate of the State. Several more good seasons are still required to restore general prosperity and still a long period to free the State from financial embarassment.

CHAPTER V.

Revenue and Finance.

32. The gross total revenue was Rs. 1,36,018 as compared to 1,35,050 in the previous year. The amount of arrears and outstandings recovered during the year was Rs. 15,693 as compared to 26,330 recovered during the previous year.

33. The following figures show the details of the indebtedness of the Taluka at the end of the revenue year i. e. 31st October 1909.

Debt.

	Principal.	Interest.
1. Government Loan raised during St. 1956 and 1958	1,44,435-0-0	...
2. Special Local Fund Loan raised in Do ...	2,13,081-0-0	...
3. Debts ascertained under the E. E. Rules in 1893	50,051-0-0	...
4. Debt due to the Cutch State incurred in St. 1912.	66,476-0-0	...
5. Do. due to Do. on account of the Wavanja Port Trust Fund	17,500-0-0	...
Total Rs.	4,91,543-0-0	...

During the revenue year under report Rs. 33,557-14-6 were repaid towards debt on account of interest and principal. At the same time negotiations are proceeding with a view to the possible amalgamation of the two debts to the Cutch State.

CHAPTER VI.

Vital Statistics.

Hospital and Dispensaries.

34. There was no addition to the number of dispensaries during the year. There is only one dispensary, at Maliya, incharge of a Civil Medical Assistant under the supervision of the Agency Surgeon.

35. The arrangement for dispensing medicines to the people of Khakhrechi by a Native Vaid on a yearly remuneration of Rs. 125 continues. During the Vaid's occasional absence the Maliya Civil Medical Assistant visits Khakhrechi once a week.

Sanitation.

36 Arrangements for sanitation consist of cleaning the streets of the town of Maliya and maintaining a peon to supervise those arrangements.

Vaccination.

37. Vaccination continues under the supervision of the Agency Surgeon. And an Agency vaccinator visits the State accordingly.

38. Appendix XXIII shows the details of the medical relief afforded.

Medical aid.

The daily average attendance at the dispensary was 53 outdoor and .05 indoor patients as compared to 55 outdoor and.05 indoor patients the previous year.

39. The number of births and deaths decreased by 42 and 115 respectively. The births show a decrease of 4.63 and deaths a decrease of 12.67 per mille over the figures of the preceding year. Statistics are collected as elsewhere in the province by the village police. There was no epidemic in the Taluka.

Births and Deaths.

CHAPTER VII.

Education.

40. Appendix XXV furnishes particulars regarding the schools maintained by the Taluka. The number of schools remained the same.

41. Education is imparted upto Standard III in English at Maliya, and there and elsewhere upto Standard VII in the Vernacular. In order to encourage education among the Miana boys, certain scholarships were established last year. Of these, two special scholarships of the value of Rs. 3 per mensem awarded to the two senior Miana boys studying in a High School or Male Training College have now been raised to Rs. 7 per mensem There is a special Miana teacher in the Maliya school.

42. Rs. 126 were received on account of School fees as compared to Rs. 128 received during the preceding year. The expenditure under the heading Education was Rs. 2790-11-2 as compared to Rs. 2666—12—4 in the preceding year.

CHAPTER VIII.

Library.

43. There is a small library at Maliya maintained by the State.

Printing Press.

44 There is no printing press in the Taluka.

Miana Debts.

45. Mr. Premji Jivan was appointed Special Accountant during the year, to ascertain and adjust the liabilities of the Mianas to the Taluka. After settlement of accounts they stood at the end of the St. year 1965 as follows:—

Taccavi.....Rs.	17,564-10-2.
Share of famine relief works expenses	29,638- 4-3.
Management.....	6,500- 0-0.
	53,702-14-5.

Of these items special arrangements to recover arrears of taccavi are now under consideration, and a satisfactory understanding has been arrived at with the Mianas for the liquidation of their joint debt on account of management. So far as famine relief work expenses are concerned, no satisfactory scheme for their recovery has yet been arrived at.

Custom.

46. An export duty of Re. 1 per maund is levied by the State upon all cotton exports except the produce of Miana and Bhayati lands. The cotton exports of Mianas are subject to a reduced duty of annas 8 per maund only, while from Bhayati villages the State realizes by special agreement a lump sum of Rs. 375 and 8 p. c. on total realizations respectively from the two villages of Wadharwa and Kumbharia only. The revenue derived from these and various other levies in the State villages such as Dan, Upni, Labhvati, etc, which under the general name of Mandvi or customs are farmed out every year and constitute the largest item in the realizations of the year under report, is shown under the general head Sayer in Appendix XXII of this report.

47. The sum of Rs. 22,503 which is entered against that item in the year under report was actually made up as follows:—

Opium.....	1,097.
Liquor.....	275.
Salt.....	340.
Customs.....	19,219.
Bhang and Ganja.....	125.
Bham.....	1,359.
Other farms.....	88.
	22,503.

And the sum of Rs. 19,219 entered against customs or mandvi includes both the usual customs farms and the State cotton duty, as well as the sum realized from the two Bhayati villages of Wadharva and Kumbhharia.

I have the honour to be
Sir,
Your most obedient servant,

Major
Political Agent,
in charge Maliya.

Printed at the Kagdi Parshotam Parmánund's "Liberal Laxmi" Press Rajkot.

ANNUAL

ADMINISTRATION REPORT

OF THE

MALIA STATE

FOR THE YEAR 1911-12.

LIBRARY
ROYAL ASIATIC

PRINTED AT

Kagdi Parshotam Parmanand's "Liberal Lavmi" Press:—

RAJKOT;

1912.

No. of 1912.

From,

MAJOR F. de B. HANCOCK,

POLITICAL AGENT,

IN CHARGE MALIA.

To,

THE AGENT TO THE GOVERNOR,

IN KATHIAWAR.

Political Agent,

In charge Malia's Office.

Camp Rajkot, May 1912.

SIR,

I HAVE the honour to submit the annual Administration report of the Malia Taluka for the year ending 31st March 1912.

CHAPTER I.

General and Political.

Area - - - - -	103	Square miles.
Population - - - -	12,134	Souls.
Gross Revenue - - -	Rs. 1,85,144.	
Baroda Tribute - - - -	Rs.	1,182.
Junagadh Jortalbi - - -	Rs.	185.
Total	Rs.	1,367.

The Ruling Family.

2. Thakore Raisinhji Modji, the Chief, is 46 years of age, and a Jadeja Rajput by caste. His wife is a daughter of the Malwan Bhayat of Dhrangadhra. He has three sons of whom the eldest Kumar Shri Gumansinhji is the heir apparent. He is 26 years of age, and he continues to reside with the Thakore Saheb

of Rajkot as his Huzur Personal Assistant. His younger brother Kumar Bharatsinhji who is now 18½ years of age, completed his education at the Wadhwan Talukdari Girassia School last November by passing the School Final Examination. He is now anxious to enter the service of Government in the Police Department. And since the close of the year he has been selected for appointment as a Deputy Superintendent of Police. The youngest Kumar Balsinhji who has now reached the age of 10, has hitherto pursued his studies in the local school at Malia. It has been now arranged to send him also to the Wadhwan Talukdari Girassia School next June. Bai Shri Subjiba, the widow of the late Chief continues to reside on a suitable Jiwai at Khakhrechi.

Important events.

3. The important event of the year was the local celebration of Their Imperial Majesties' Coronation at Delhi on the 12th December 1911. As already reported that auspicious occasion was fully and loyally celebrated in every village of the Taluka.

4. During the year under report another son was born to Kumar Shri Gumansinhji, the heir-apparent. The betrothal of Kumar Bharatsinhji with a daughter of Jhala Kalubha of Minapur under Chuda was also settled during the year.

5. I paid 6 visits to Malia during the year under report, namely:—

2 in August
1 in September
1 in October
1 in November 1911 and
1 in February 1912.

State and Residency Officials.

6. The personnel of the State Establishment appears in Appendix I.

CHAPTER II.

Administration of the land.

Revenue and Settlement.

7 The Chokha Bhag system continues to prove suitable.

8. About 10 acres of land of the Karadia reclamation were prepared for sowing wheat before the last monsoon. But the rains having failed, the experiment had to be postponed. Another reclamation scheme was undertaken during the year under report, as a Famine Relief Work for Mianas. This when completed is likely to reclaim a considerable area of the Mianas own lands as well as some State land.

Land Improvment.

CHAPTER III.

Legislation.

9. Appendix II shows the laws in force in the Malia Taluka.

Military force.

Military Force.

10. The Taluka possesses no Military Force.

Police.

Police.

11. The strength of the force continues to be the same as last year. The ratio of Police to population is 3·8 per thousand and to area .44 per square mile. The total cost was Rs. 14,139 as against Rs. 15,179 during the preceding year. Appendix IV shows the details of the strength of the Police, as also their cost, discipline and education.

Working of the Police.

12. Appendices V, VI and VII show the working of the Police. The percentage of convictions to the number of accused arrested and sent for trial, works out at 66.66 as against 40.87 in the preceding year. The percentage of recoveries of stolen property has increased from 87.50 to 91.14.

13. Compared to other States and Talukas in Kathiawar, of similar extent and revenue, the Malia Taluka has to maintain a comparatively large police force owing to about one fourth of its population being Mianas.

Village Police.

Village Police.

14. The strength of the Village Police is 65, one post at Khiri having been reduced in the year 1910. Of these 56 are paid servants and 9 are jiwaidars. 13 Village Police.

men serve in the Malia Town under the direct control of the Chief Constable and are termed City Police, while the rest continue under the direct crontrol of the Chief Revenue Officer, the Thandar. 52 of the force are armed with guns and the rest have only swords or knives. In addition to their revenue and chokidari duties, they have to render the usual assistance to the regular police in criminal matters.

15. The year under report having turned out to be a famine year, some of the regular village police have had to be deputed on various special duties in connection with grass operations and other measures of relief. And it was therefore found necessary to appoint 5 extra men as a temporary measure.

Criminal Justice.

Criminal Justice.

16. There was no change during the year in the number or constitution of the Criminal Courts of the Taluka which remain as follows:—

I The Court of the Political Agent, in charge Malia, exercising the powers of a District Magistrate and an Assistant Sessions Judge.

II The Court of the Thandar of Malia exercising the powers of a first class Magistrate.

III The Courts of the Vahivatdar of Khakhrechi and the Revenue Adhikari Malia exercising the powers of a third class Magistrate in the Khakhrechi and Malia Mahals respectively.

17. During the absence of the Revenue Adhikari, Kumar Shri Gumansinhji, at Rajkot, the shirestedar to the Thandar of Malia continues to exercise the powers of a third class Magistrate in the Malia Mahal.

Thakore Raisinhji continues to be an Honorary Magistrate.

18. The work done by these courts during the year is shown in Appendix VIII which shows a decrease in the number of offences reported and the number of offenders brought to trial respectively, as compared with those of the preceding year.

19. Two Criminal appeals were preferred to the Court of the Judicial Assistant Kathiawar during the year. Both of these were summarily dismissed. No case was committed to the Sessions Court during the year.

Criminal Appellate Work.

Civil Justice.

20. There has been no change in the constitution or the number of the Civil Courts of the Taluka which remain as follows:-

Courts of Civil Justice.

I The Court of the Political Agent, in charge Malia, empowered to hear original suits upto the value of Rs. 10,000 and appeals against the decisions of the lower Courts.

II The Court of the Thandar of Malia empowered to hear original suits upto the value of Rs. 5,000.

III The Court of the Vahivatdar of Khakhrechi empowered to hear suits upto the value of Rs. 250, in the Khakhrechi Mahal.

21. Appendix X shows the amount of the original Civil work done by the different Courts of the Taluka; and the nature and value of the suits disposed of. 24 suits were filed during the year as compared to 61 last year; and the number of cases disposed of was 30 as compared to 61 in the preceding year. The value of the suits instituted was Rs. 1,501-8-6 only as against Rs. 4,713 in the preceding year. The number of cases regarding landed property was 4 as compared to 1 last year. The average duration of suits was 4 months and 12 days.

22. The decrease of the number of suits instituted during the year and the comparative longer duration of suits, may be both ascribed to the prevalence of famine.

23. The number of applications for the execution of decrees made during the year was 16 as compared to 32 last year; while the number disposed of was 22 as compared to 33 last year. Only one application remained for disposal at the end of

Execution of decrees.

the year, which was for a period of less than 12 months. Details are given in Appendix XI.

Civil Appellate Work.

24. Appendix XII furnishes details regarding the Civil appellate work of the Taluka. There were 2 appeals during the year as against 3 last year. All the appeals were disposed of.

Extradition.

Extradition.

25. 7 demands were made upon the Taluka during the year under report and complied with without delay. The States affected were Morvi, Cutch, Viramgam, Wadhwan and Dhrangadhra, to whom 20 persons were surrendered. 3 demands were preferred by the Taluka upon the Morvi, Rajkot and Bhavnagar States, by whom 4 persons were made over to the Taluka for trial.

Prisons.

Prisons.

26. There is only one Jail at Malia. It was visited during the year by the Political Agent in charge. Certain minor additions and alterations have been effected during the year. Prisoners sentenced to a term not exceeding 2 years are accommodated in this Jail, those whose term of sentence exceeds 2 years still being sent to the Rajkot Prison. The Thandar of Malia is the Superintendent of the Jail. The details furnished in Appendix XIII show an increase in the number of prisoners which was 166 as compared to 134 last year, the daily average being 9·74 as compared to 10.67 last year. The treatment of the prisoners was satisfactory; and their health and conduct were good. The total cost of the Jail was Rs. 1,341 as against Rs. 1,201 last year.

Registration.

Registration.

27. 336 documents were registered during the year as compared to 141 last year. The value of the documents registered was Rs. 57,448 as compared to Rs. 30,279 in the preceding year. The fees realized were Rs. 518-8-0 as compared to Rs. 257-8-0 last year. Details are furnished in Appendices XIV and XV.

Municipal Administration.

Municipal Administration.

28. There is no regular Municipality in the Taluka; but the streets of the town of Malia are lighted and cleaned at the expense of the Taluka, which spent on this object a sum of Rs. 1,048 as compared to Rs. 1,051 in the preceding year. This appears in Appendix XVI. The sanitation of the town is looked after by a peon under the supervision of the Thandar.

CHAPTER IV.

Production and Distribution.

Weather and Crops.

29. The rainfall for the whole of the season was only 2 inches 76 cents as compared to 23 inches 98 cents in the preceding year; while the average rainfall of the past 5 years is 16 inches 69 cents. On account of this total failure of the monsoon rains, there was a complete failure of the agtar crops. Every possible assistance and encouragement was given to increase the area of irrigated pachhtar crops, but these being mainly required for the maintenance of cultivators and their cattle, the State realizations were insignificant.

Wages and Labour.

30. The demand for labour and the rate of wages were high at the beginning of the year, but the failure of the rains resulted in a considerable reduction of both. The average daily wage earned by the Mianas on relief work has been only a little over two annas. The price of grain on the other hand has risen considerably, as shown in Appendix XVIII.

Forest.

31. There is no forest in the Taluka. A certain number of Babul trees are grown and utilized for agricultural purposes and fuel.

32. There is no regular Public Works Department in the Taluka. Necessary Works and repairs are carried out under the supervision of the Agency Engineer or Thandar. Appendix XIX furnishes the general details of the Public Works carried out during the year. The total expenditure during the year ending 31st October 1911 amounted to Rs. 18,450/—

33. There are three Post offices in the Taluka, at Malia, Khakhrechi and Wadharwa. There is a Telegraph office at Malia.

Post Offices.

Mint.

34. There is no mint in the Taluka.

35. The outturn of crops during the revenue year Samvat 1967 was very good, and a few more similar years would have considerably relieved the Taluka from financial embarrassment. But the total failure of the last monsoon has proved a serious financial disaster and the Taluka has had to again borrow money from Government.

36. Appendix XXIV shows the vital statistics of the Taluka with the exception of an out-break of plague at Khakhrechi and Chikhli which lasted for about 3 months, the public health was fair throughout the year. A Special Sub-Assistant Surgeon was engaged at Khakhrechi during the prevalence of the plague. And no effort was sparred to alleviate the sufferings of the people and stamp out the disease. Appendix XX furnishes details of the agricultural stock of the Taluka. Owing to the severe fodder famine in the Taluka this year, there has been some decrease of agricultural stock. But every possible measure has been taken to minimise this.

CHAPTER V.

Revenue and Finance.

37. The gross total revenue of the Samvat year 1967, including some extraordinary items was Rs. 2,48,585 as against Rs. 1,72,075 for the Samvat year 1966. These figures include Rs. 10,249 on account of arrears and outstandings recovered or remitted during the year as against Rs. 745, in the preceding year.

38. The following figures show the indebtedness of the Taluka at the end of the revenue year i. e. 31st october 1911 as compared to that at the end of the preceding year.

Debts.

No.	Nature of debt.	Due 31-10-10.	Due 31-10-11.	Remarks.
1	Government loan raised during Samvat 1956 and 1958. ...	1,34,283	98,582	
2	Special Local Fund Loan Do. Do. Do.	2,13,081	2,13,081	
3	Debts ascertained under E. E. Rules in 1893.	50,051	50,051	
4	Debts due to Cutch incurred in Samvat 1912 A. D. 1856.	61,056	55,981	
5	Debts due to Cutch on account of Wawania Port Trust Fund which were partially repaid on 26-9-1904.	17,500	17,500	Plus interest at 3½ p. c. with effect from date of loan.
	Total...	4,75,971	4,35,195	

During the year under report Rs. 57,617 were devoted to the repayment of debt as follows:—

	Principal.	Interest.
Government Loan.	35,721	5,279
Local Fund Loan.	...	11,542
Cutch Debt.	5,075	...
Total Rs...	40,796	16,821

In regard to the Cutch debts, a favourable settlement with the Cutch State was arrived at in the course of the year and has been submitted to Government for approval through the Agent to the Governor in Kathiawar. Owing to famine this year, the Taluka has already borrowed a sum of Rs. 34,711 from Government and will require a further loan next year of about Rs. 64,424.

CHAPTER VI.

Vital Statistics.

Hospital and Dispensaries.

39. There was no addition to the number of dispensaries during the year. There is only one dispensary at Malia in charge of a Sub-Assistant Surgeon under the supervision of the Agency Surgeon.

40. The arrangement for dispensing medicines to the people of Khakhrechi by a Native Vaid on a yearly remuneration of Rs. 125 continues. During the Vaid's occasional absence the Malia Sub-Assistant Surgeon visits Khakhrechi once a week.

Sanitation.

41. Arrangements for sanitation consist of cleaning the streets of the town of Malia; and maintaining a peon to supervise these arrangements.

Vaccination.

42. Vaccination continues under the supervision of the Agency Surgeon, and an Agency Vaccinator visits the Taluka occasionally.

Medical Aid.

43. The details of the Medical relief afforded at Malia are shown in Appendix XXIII. The daily average attendance was 42·6 outdoor and 29 indoor patients as compared to 42 and .04 in the preceding year.

Births and deaths.

44. The number of births and deaths were 367 and 209 as compared to 376 and 295 last year. The births average 30.24 per mille and the deaths 17.22. Plague prevailed at Khakhrechi for about 3 months. There was no other epidemic except small pox during the year.

CHAPTER VII.

Education.

45. Appendix XXV furnishes particulars regarding the Schools maintained by the Taluka. The number of schools remains the same.

46. Education is imparted upto Standard III in English at Malia and there and elsewhere upto Standard VII in vernacular. To encourage education among the Mianas, free books and slates continue to be given to Miana boys who are also exempted from the ordinary school fees. Certain scholarships for Mianas have been also established. There is a special Miana teacher in the Malia School. The number of schools is the same as last year i. e. 7 schools for boys and 2 for girls The total number of boys attending school during the year was 277, and of girls 95. The percentage of school-going children comes to 30.65 per thousand according to the last Census.

47. Rs. 122 were received on account of school fees during the year as compared to Rs. 112 received last year. The total expenditure on education was Rs. 2,873 as compared to Rs. 2,940 last year. In the year under report the Political Agent, in charge visited all the schools of the Taluka.

CHAPTER VIII.

Library.

48. There is a small library at Malia maintained by the Taluka.

Printing Press.

49. There is no printing press in the Taluka, nor is any news-paper published.

50. An export duty of Re. 1 per maund is levied by the Taluka upon all cotton exports except the produce of Miana and Bhayati lands. The cotton exports of Mianas are subject to a reduced duty of 8 annas per maund only, while from the Bhayati Villages, the Taluka realizes by special agreement a lump sum of Rs. 375 and 8 p. c. on total realizations, respectively from the two villages of Wadharwa and Kumbharia only. The revenue derived from these and various other levies in the Taluka Villages such as Dan, Upni, Labhvati etc. which under the general name of Mandvi or customs, are farmed out every year, is shown under the general head "Sayer" in Appendix XXII of this report.

51. The sum of Rs. 34,072 which is entered under that head was actually made up as follows:—

Opium...	Rs.	1,285
Liquor...	Rs.	560
Salt	Rs.	268
Customs...	Rs.	30,626
Bhang and Ganja.	Rs.	40
Bham.	Rs.	1,222
Other farms...	Rs.	71
Total...	Rs.	34,072

52. Appendix XXI gives details regarding the excise revenue of the Taluka.

53. Appendix XXII furnishes details of both receipts and expenditure under various heads during the revenue year (1st November 1910 to 31st October 1911). The abnormal figure of expenditure is mainly due to the famine conditions which developed in the course of the year.

General Remarks.

54. The Samvat year 1967 was particularly prosperous but the total failure of the monsoon caused much anxiety at the end of the year, and the samvat year 1968 has proved a famine year.

55. The effects of the famine began to be seriously felt in the month of August 1911. Owing to the serious scarcity of fodder the Jambudia Vidi was leased from the Wankaner State on the 26-8-1911 at a cost of Rs. 2,500. It was found necessary to open a relief work for the Mianas on the 29-8-1911.

56. To meet the growing demand for fodder the following purchases of grass were then effected.

(a) from the Wankaner State,

(1) Lunsar grass, 1,608 maunds, for Rs. 575.

(2) Rampara grass, 5,000 maunds, for Rs. 2,200.

(b) From Paradwa in the Dhrafa Thana,

1,253 maunds, for Rs. 502 (this was exchanged for a similar quantity at Ribda in negotiation with the Porbandar State.)

(c) From the Junagadh State.

12,500 maunds, for Rs. 5,000.

This has been and is still being sold or advanced to those requiring it on moderate terms.

57. The Jambudia Vidi has been carefully used. And the number of animals grazed there has at present not exceeded a maximum of 400 on any one day. The fees charged have been

Re. 1 for each full grown animal per month.

Annas 8 for each calf per month.

but these are subject to revision at the close of the famine.

58. After protracted negotiations with the Administrator of Junagadh the Gir was opened to this Taluka on the 22-9-1911, a maximum of 455 animals have taken advantage of this grazing And the fees charged have been only.

Rs. 3- 0-0 per each animal;

Rs. 0-12-0 per each calf.

A considerable proportion of these fees will have to be advanced by the Taluka on behalf of those concerned.

59. Import duty on food grains was abolished with effect from the 1st November 1911. All Vero and Vighoti and the greater portion of the vaje on irrigated crops has had to be suspended or remitted. Actual famine was declared on the 1st December 1911.

60. In the month of October 1911 it was arranged with a labour recruiting Agent of the name of Bhaishanker M. Bhat for about 127 subjects of the Taluka to be employed in Bombay by Messrs Price Wills and Reeves. Both the work and the climate proved uncongenial, and as already reported, practically all the labourers have since returned to their homes.

61. The experiment of sending about 200 Mianas to Nawapur for employment on grass cutting was more successful so far as the Taluka is concerned. But the Mianas appear to have displayed their usual mischie-

vous propensities there. And the experiment terminated some what abruptly in the month of February 1912.

62. Famine expenditure upto the close of the official year 1st March 1912 has amounted to Rs. 64,097 as follows:—

Relief Works.	Rs.	30,718.
Loan to Bhayats and Mulgarassias.	Rs.	12,098.
Tagavi to cultivators.	Rs.	6,623.
Gratuitous relief.	Rs.	222.
Grass operations.	Rs.	12,566.
Miscellaneous.	Rs.	1,870.
	Rs.	64,097.

63. In the month of October 1911 the services of a special Accountant were engaged on a salary of Rs. 30/- per mensem to assist the Malia Thandar in the maintenance of famine accounts. These are being maintained in the spirit of the Bombay Famine Code, relief generally being otherwise administered in that of the Native States Code. The following extra establishment only has been engaged by this office.

One famine clerk on Rs. 30/-per mensem.

64. Owing partly to the delay in getting the Gir opened to grazing, but mainly to their own tiresome propensities some trouble was experienced at the commencement of the famine by Miana bands wandering about the Province with their cattle. These however were in due course dispersed. And owing chiefly to the regular employment provided for them at Malia and to the liberal assistance afforded for the preservation of the bulk of their cattle, the Mianas have so far occasioned the Province no further trouble.

65. At my urgent instance however the other States of the Province have been informed by the Agency that the effectiveness of the rules for the better conduct of the Mianas depends largely on their co-operation.

66. Even with this the burden of controlling and assisting the Mianas in time of famine litterally spells " financial ruin " to the Malia Taluka. Cleared of debt by the special Miana Settlement of 1888, the Mianas are for the most part now once again in serious debt to both the Taluka and other creditors. And both on this account and to keep them out of mischief, relief work on a considerable scale has had to take the place of the money advances by which people of their particular status of " Mulgirassia Jewa " might have been otherwise assisted. It will nevertheless probably transpire at the close of the present famine that the attachment of a considerable portion of their lands will be the only possible measure left to the Taluka. The Mianas have not the qualities to be successful land holders. On the other hand they have those of excellent though still mischievous workmen. And in the steady increase of the employment which they now find at Karachi, Ahmedabad and elsewhere beyond the limits of their own Taluka lies, I am convinced, the only possible solution of an otherwise hopeless problem.

67. A relief depot was opened at Khakhrechi on 7-10-11. The number of men and cattle which have passed by this route into Kathiawar from Cutch have amounted to 1,673 and 21,868 respectively, and the numbers which have returned to date amount only to 2,268 and 1,357 respectively. The sum expended at the depot amounts at present to Rs. 250 and this at present does not exceed the sum of Rs. 500/- liberally placed at my disposal for the purpose by Mr. P. G. Sangani of Bombay.

68. The Thandar, Azam Venishanker H. Vaishnav, has had a very hard year's work and has responded well to the severe extra tax on his energy and ability. My new Shirestedar Mr. Rewashanker Liladhar is the best I have had, and has displayed great zeal and industry.

69. To conclude, it may be observed with reference to the remark passed in Government Resolution No. 1012 dated 31-1-1912 regarding last

year's annual report, that the Political Agent in charge does not quite occupy the position of an ordinary administrator. The budgets of the Malia Taluka are scrutinized and approved by the Agent to the Governor, Kathiawar, and it was with his full knowledge and approval that the repayment of debt was, for certain stated reasons, restricted in the year 1910-1911 to the extent necessary to ensure the completion of certain important Public Works.

I have the honour to be,

Sir,

Your Most Obedient Servant,

F. de B. Hancock, Major

Political Agent, In charge Malia.

APPENDIX I.

Name of high officials in the Malia Taluka and Residency officials showing changes in personnel during the year 1911-12.

Name of officer.	Appointment.	Period.		Remarks.
		From.	To.

ANNUAL

ADMINISTRATION REPORT

OF THE

MALIA STATE

FOR THE YEAR 1912-13.

PRINTED AT

Kagdi Parshotam Parmanand's Liberal Laxmi" Press

RAJKOT:

1913.

134880

No. of 1913-14.

From,

MAJOR W. M. P. WOOD,

POLITICAL AGENT,

IN CHARGE MALIA.

To,

THE AGENT TO THE GOVERNOR,

IN KATHIAWAR.

Political Agent

in charge Malia Office.

Camp Rajkot, 2nd June 1913.

SIR,

I have the honour to submit the annual Administration report of the Malia Taluka for the year ending 31st March 1913.

CHAPTER I.

General and Political.

2. Area... ... . 103 square miles.
Population ... ... 12134 souls.
Gross Revenue ... Rs. 42061.
Baroda Tribute ... Rs. 1182.
Junagadh Jortalbi ... Rs. 185.

Total Rs. 1367.

3. Thakore Raisinhji Modji, the Chief is 47 years of age and a Jadeja Rajput by caste. His wife is a daughter of the Malwan Bhayat of Dhrangadhra. He has three sons, of whom the eldest Kumar Shri Gumansinhji is the heir-apparent. He is 27 years of age, and he continues to reside with the Thakore Saheb of Rajkot as his Honorary Hazur Personal Assistant. Kumar Bharatsinhji, the second son of the Chief, aged 19 years, passed the School Final examination in November 1911; and was selected for appointment as a Deputy Superintendent of Police and admitted on 10-5-1912 into the Police Training School at Nasik. Since then he has successfully passed the Lower Standard Examination in Law in December last and also an examination in Marathi in March last. He is still prosecuting his studies there. Kumar Balsinhji, the third and the youngest son, is in his eleventh year. He has been admitted in June last into the Talukdari Girasia School at Wadhwan.

The Ruling Family.

4. Bai Shri Subjiba, the widow of the late Chief continues to reside on a suitable Jivai at Khakhrechi.

5. No important event worth notice took place during the year.

Important events.

6. The Political Agent in charge paid 3 visits to Malia during the year, viz,

1 in May 1912.
1 in December 1912.
1 in January 1913.

7. The personnel of the State Establishment appears in Appendix I.

State and Residency Officials.

CHAPTER II.

Administration of the land.

8. The Chokha Bhag system continues to prove suitable.

Revenue and Settlement.

9. Considerable silt has now been deposited on the Karadia reclamations and an experiment of sowing wheat and barley on about 6 acres of these lands was again tried during the year under report; but did not prove a success. An expert opinion is now being obtained before any further attempts are made.

Land improvement.

10. Another reclamation scheme known as "Miana Sim Bandh" was taken up last year as a Famine Relief Work. It was practically completed during the year, but it is likely to be many years before the Mianas' and State lands can be reclaimed.

CHAPTER III.

Legislation.

11. Appendix II shows the laws in force in the Malia Taluka.

Military force.

Military force.

12. The Taluka possesses no military force.

Police.

13. The strength of the force continues to be the same as last year.

Police.

The ratio of Police to population is 3·8 per thousand and to area ·44 per square mile. The total cost was Rs. 17645 during the year as against Rs. 14139 during the preceding year. Appendix IV shows the details of the strength of the Police, as also their cost, discipline and education. The excess cost of Rs. 3000 is due to famine. The main items are Rs. 2000 for grain compensation, extra establishment Rs. 340, and travelling allowance Rs. 500.

14. Appendices V, VI, and VII show the working of the Police.

Working of the Police.

The percentage of convictions to the number of accused sent for trial, works out at 50 as against 66·66 in the preceding year. The percentage of recoveries of stolen property works out at 38·17 as against 91·14.

15. Compared to other States and Talukas in Kathiawar, of similar extent and revenue, the Malia Taluka has to maintain a comparatively large police force, owing to about one fourth of its population being Mianas. The increase in the number of crimes may be attributed to the want of sufficient means of maintenance on the part of Mianas owing to the last year having been a famine year.

16. The total strength of the village Police was 65 up to 31-9-1912

Village Police.

when a reduction of two Village Police men was effected. Thus the total strength at the end of the year was 63. Of these 54 are paid servants and 9 Jivaidars. 13 men designated "City Police men" serve in Malia town under the direct supervision of the Chief Constable while the rest in villages, continue under the

direct control of the Chief Revenue Officer, the Thandar. 52 of the force are armed with guns and the rest have only swords or knives. In addition to their revenue and Chokidari duties, they have to render the usual assistance to the regular police in criminal matters.

17. The services of 5 extra men specially entertained during the preceding famine year were dispensed with at the end of June 1912, when the relief operations mostly terminated.

Criminal Justice.

Criminal Justice.

18. The number and constitution of the criminal Courts of the Taluka remain the same as under.

I. The Court of the Political Agent incharge Malia, exercising the powers of a District Magistrate and an Assistant Sessions Judge.

II. The Court of the Thandar of Malia exercising the powers of a first class Magistrate.

III. The Courts of the Vahiwatdar of Khakhrechi and the Revenue Adhikari Malia, exercising the powers of a third class Magistrate in Khakhrechi and Malia Mahals respectively.

N. B. During the absence of the Revenue Adhikari Kumar Shri Gumansinhji, the Shirestedar to the Malia Thandar continues to exercise the powers of a third class Magistrate in Malia Mahal.

IV. Thakore Raisingji continues to be an Honorary Magistrate.

The work done by these Courts during the year is shown in Appendix VIII which would show an increase in the number of offences as well as in the number of offenders brought to trial as compared with the figures for the same in the preceding year, This is due to the famine year.

Criminal Appellate Work.

19. Three criminal appeals were preferred to the Court of the Judicial Assistant Kathiawar during the year. Out of them, one was summarily dismissed, while the rest were admitted setting aside the orders of the Thandar of Malia. No case was committed to the Sessions Court during the year. Appendix IX would show the criminal Appellate work of the Taluka.

Civil Justice.

Courts of Civil Justice.

20. The constitution and the number of the Civil Courts of the Taluka remain unchanged as under:—

I. The Court of the Political Agent, in charge Malia, empowered to hear original suits upto the value of Rs. 10,000, and appeals against the decisions of the Lower Courts.

II. The Court of the Thandar of Malia empowered to hear original suits upto the value of Rs. 5000.

III. The Court of the Vahiwatdar of Khakhrechi empowered to hear suits upto the value of Rs. 250 in the Khakhrechi Mahal.

Appendix X shows the amount of the original Civil work done by the different Courts of the Taluka, and the nature and value of the suits disposed of. 36 suits were filed during the year as compared to 24 in the previous year; and the number of suits disposed of was 32 as compared to 30 in the preceding year. The value of the suits instituted was Rs. 5896-13-1 as against Rs. 1501-8-6 in the preceding year. The disappearance of famine conditions after the last rains revived litigation to some extent. The number of cases regarding landed property was five as against three in the previous year. The average duration of suits was 4 months and 5 days.

Execution of decrees.

21. Appendix XI will show the details of the execution work. The number of applications filed during the year was 28 as against 16 in the preceding year; while the number disposed, was 16 as against 22. 12 applications remained to be disposed of at the close of the year. The increase in the number of application is due to the cessation of famine conditions.

Civil Appellate work.

22. Appendix XII furnishes details regarding the civil appellate work of the Taluka. There were 6 appeals filed during the year as against 2 in the preceding year. Out of these 4 were disposed, leaving 2 in balance at the close of the year.

Extradition.

Extradition.

23. 9 demands were made upon the Taluka during the year as against 7 in the preceding year. The demands came from the States of Than-Lakhtar, Dhrangadhra, Cutch

and Morvi, and were duly complied with; in all 16 persons were surrendered. The Taluka on the other hand preferred 4 demands upon the States of Jamnagar, Morvi, and Rajkot, by whom 4 persons in all were surrendered to the Taluka for trial.

Prisons.

Prisons.

24. There is only one Jail, at Malia, and one lock up at Khakhrechi. The Thandar of Malia is ex-officio the Superintendent of the Jail. Prisoners sentenced to a term not exceeding 2 years are accomodated in this Jail; those whose term of sentence exceeds 2 years are still sent to the Rajkot Prison. Appendix XIII furnishes details regarding the Jail. The number of prisoners admitted into the Jail during the year was 217 as against 166 in the preceding year; the daily average being 9·51 as compared to 9·74 in the previous year. The treatment of the prisoners was satisfactory and their health and conduct were good. The total cost of the Jail was Rs. 916 as against Rs. 1341 last year.

Registration.

Registration.

25. In all 215 documents, of the value of Rs 32849 were registered during the year under report as against 336 valuing Rs. 57448 in the preceding year. The fees realized during the year amounted to Rs. 322-8-0 as against Rs. 518-8-0 in the previous year. Details are furnished in Appendices XIV and XV.

Municipal Administration.

Municipal Administration.

26, There is no regular municipality in the Taluka; but the streets of the town of Malia are lighted and cleaned at the expense of the Taluka, which spent a sum of Rs. 1224 as compared to Rs. 1048 in the preceding year. This is shown in Appendix XVI. The sanitation of the town is looked after by a peon under the supervision of the Thandar.

CHAPTER IV.

Production and Distribution.

Weather and crops.

27. The rainfall for the whole of the season was 23 inches 90 cents as compared to 2 inches 76 cents in the previous year; while the average rainfall of the past five years is 15 inches and 18 cents. The rain fall was on the whole satisfactory though it was some what late. The outturn of the agtar crops was not

satisfactory while that of the pachhtar crops especially of cotton was normal and possibly in excess of normal.

Wages and Labour.

28. The demand for labour and the rate of wages were low until the rains were well established. The rains being good gave a great demand for labour and prices rose accordingly. The price of grain was high during the whole year as shown in Appendix XVIII.

Forest.

29. There is no forest in the Taluka. A few clusters of Babul trees exist at some places, which are utilized for agricultural purposes and fuel.

Public Works.

30. There is no regular Public works Department in the Taluka. Necessary works and repairs are carried out under the supervision of the Agency Engineer or Thandar. Appendix XIX furnishes the general details of the Public Works carried out during the year. The total expenditure under this head for the revenue year ending 31-10-1912 amounted to Rs. 47517 as against Rs. 18540, in the preceding year. The abnormally high figure is due to the Taluka having had to undergo large expenses in the relief, on account of the distress consequent upon the famine of Samvat 1968. The total relief expenses amounted to Rs. 43166, out of which Rs. 40587 were spent solely towards the relief of Mianas alone. The relief works were all closed since the beginning of September 1912.

Post Offices.

31. There are three Post Offices in the Taluka at Malia, Khakhrechi and Wadharwa. There is a Telegraph Office at Malia.

Mint.

32. There is no mint in the Taluka.

Out-turn.

33. The failure of the rains in the monsoon of the Samvat year 1967 led to a very poor outturn of the crops during the Samvat year 1968. The yield of the irrigated crops was also quite insignificant. The State had to borrow Rs. 84165 from Government for carrying on the ordinary administrative expenses as also the extraordinary expenditure on account of famine, and the financial condition of the State was thereby rendered more embarrassed. Appendix XXIV shows the vital statistics of the Taluka. The public health was good throughout the year.

34. Appendix XX furnishes details of the agricultural stock of the

Agricultural Stock.

Taluka. Although the mortality amongst cattle during the last famine was small, a fair number was disposed of by sale and removal to grazing ground in favoured districts. This accounted for the smallness of the last year's figures. As the last monsoon established better prospects, the situation is improving.

CHAPTER V.

Revenue and Finance.

Revenue.

35. The gross revenue of the year Samvat 1968 (ending 31-10-1912) including extraordinary items was Rs. 2,07,449 as against Rs. 2,48,585 for Samvat year 1967. Excluding the extraordinary items together with those of adjustment and remissions, the net cash realizations of the year amounted only to Rs. 21,866 as against Rs. 1,53,055 in the previous year.

Debts.

36. The following table will show the datails regarding the indebtedness of the Taluka at the end of the revenue year i. e. 31st October 1912 as compared to that at the end of the preceding year.

No.	Nature of debt.	Due on 31-10-1911	Due on 31-10-1912	Remarks.
1	Government loan raised during Samvat years 1956-1958 and 1968.	98,562	1,94,101	Including interest.
2	Special local Fund loan raised during Samvat years 1956 and 1958.	2,13,081	2,34,389	Do.
3	Debts due to Cutch incurred in Samvat year 1912 A. D. 1856.	54,451	54,223	
4	Debts due to Cutch on account of Wawania Port Trust Fund.	17,500	25,558	Do.
	Total Rs.	3,83,594	5,08,271	

N. B. Debts ascertained and outstanding under the Encumbered Estates Rules were declared as having been extinguished as per Agency Notification No. 55 dated 9-10-1912, as the 20 years period expired on the 12th September 1912.

37. No repayment could be made towards debts during the year under report except a sum of Kories 2000= Rs 500 approximately-paid to Cutch in the beginning of the year out of the surplus of Kataria revenues of the preceding year.

38. The Taluka had to borrow during the revenue year under report a further loan of Rs 49,454 from Government, in addition to the sum of Rs 34,711 borrowed during the preceding year, for carrying on the ordinary administrative expenses as well as the extraordinary expenditure on account of famine.

39. In regard to Cutch debts, Government have been pleased to approve during the year the settlement arrived at with the Cutch Darbar in the preceding year. This settlement is highly beneficial to the interests of the Taluka, because it has rendered debt No, 3 i. e. Kataria debts free of interest, and also reduced the rate of interest chargeable on debt No. 4 i. e. Wawania Port Trust Fund Loan.

CHAPTER VI.

Vital statistics.

Hospital and Dispensaries.

40. There is only one Dispensary at Malia in charge of a sub-Assistant Sargeon, under the surpervision of the Agency Surgeon. The arrangements for dispensing medicines to the people of Khakhrechi through a native Vaid continues, as usual.

Sanitation.

41. In regard to sanitation the cleaning of the streets of Malia and Khakhrechi is done as usual by a small staff of Bhangis. In Malia a special peon supervises the work.

Vaccination.

42. Vaccination continues under the supervision of the Agency Surgeon and an Agency Vaccinator visits the Taluka occasionally.

Medical Aid.

43. The datails of medical relief afforded at Malia are shown in Appendix XXIII. The daily average attendance of outdoor and indoor patients was 51·5 and 1·5 respectively as against 42·6 and ·29 during the previous year.

44. The numbers of births and deaths were 355 and 348 as against 367 and 209 respectively in the previous year. The births average 29·25 per thousand, while the deaths 28·67. There was no epidemic during the year.

CHAPTER VII.

Education.

45. Appendix XXV furnishes particulars regarding the schools maintained by the Taluka. The number of schools remains the same, i. e. 7 for boys and 2 for girls. The total number of boys in all the schools was 286, while that of the girls was 103. The percentage of school going children to population comes to 32 per thousand according to the last census. At Malia there is a composite boy's school teaching English upto Standard III and Gujarati upto Standard VII. All other schools teach Gujarati upto Standard VII. The special arrangements for Miana children referred to in last year's report still continue in existence.

46. The total fee receipts of all the schools amounted to Rs 135 during the year as against Rs 122 in the preceding year. The total expenditure on account of education was Rs 3566 as compared to Rs 2873 in the previous year. The increase is due mainly to grain compensation and revision of staff.

CHAPTER VIII.

Library.

47. There is a small library at Malia maintained by the Taluka. It has been registered during the year under report in accordance with the standing rules and regulations for Libraries.

Printing Press.

48. There is no printing press in the Taluka, nor is any news-paper published.

Customs.

49. Custom duties continue to be levied as usual. The revenue derived from them is shown under the general head "Sayer" in Appendix XXII of this report. The sum of Rs. 9396 shown under the head "Sayer" this year as against Rs. 34,072 shown in the previous year, was actually made up as follows:—

Opium	Rs	897
Liquor	„	611
Salt	„	235
Customs...	„	5,680
Bhang and Ganja ...	„	73
Bham	„	1,743
Other farms	„	157
Total	Rs.	9,396

50. Appendix XXI gives details regarding the excise revenue of the Taluka.

51. Appendix XXII furnishes details of both receipts and expenditure under various heads during the revenue year (1st November 1911 to 31st October 1912). This return in this year shows a painful contrast to its predecessor. The preceding year was one of unprecedented prosperity and abundance, while the year under report showed almost total absence of revenue together with an intense scarcity of fodder owing to the absolute failure of the monsoon. The year under report was declared to be a Famine year. The abnormal figure of expenditure is mainly due to the famine conditions which continued till the close of the revenue year. Relief measures had to be started in the month of August 1911, as detailed in the Annual Administration Report of the previous year, and continued till the end of August 1912 when the monsoon of the year under report having got sufficiently established, hopes of better prospects were assured, and the famine was declared closed. Full details regarding the famine relief operations and the total costs thereof have been already submitted to you in this office report No 1481 dated 19th September 1912.

Receipts and Expenditure.

52. The total amount of expenditure incurred on various famine relief operations is as under;—

I.	Salaries and establishment.		Rs.	0—0—0
II.	Relief works in charge of Civil officers. Miscellaneous public improvements.			
	Wages of labour.		Rs.	31—0—0
III.	Relief works in charge of Public Works Officers.		Rs.	48736—0—0
IV.	Relief to people employed otherwise than on Relief Works.		Rs.	0—0—0
V.	Gratuitus Relief given at the houses of the people.		Rs.	631—0—0
VI.	Miscellaneous.			
	*Relief to and deportation of cattle.	Rs. 0-0-0		
	Grass operations.	Rs. 1571-0-0		
	Other charges.	Rs. 1273-0-0		
			Rs.	2844-0-0

*All the expenses on this account have been adjusted under separate heads such as loans, tagavi &c.

VII. Loans and Advances.		
to Agriculturist	Rs. 16,989-0-0	
to Bhayats, Mulgirasias and other alienees.	22,665-0-0	
		Rs. 39654-0-0
VIII. Suspensions of Revenue.	Rs. 980-0-0	
Remissions of Revenue.	Rs. 24675-0-0	
		Rs. 25,6550-0-0
		Total Rs. 1,17,551

Out of the total of Rs. 1,17,551 spent on all relief operations, Mianas alone were responsible for a comparatively large sum of Rs. 64,686 which was spent solely for them. The embarassed State of the Taluka is chiefly due to the relief measures which it had to take in the famine years of 1956-1958 and 1968.

53. With regard to the control over Mianas, I am glad to note here that some of the States in the Province shown in the margin, have followed the advice of the Agency and now co-operate with the Malia State by adopting and enforcing in their respective territories, the Rules for the better conduct of the Mianas of Malia. And it is now hoped that the rest of them will also see their way to follow their examples as soon as possible.

ANNUAL

ADMINISTRATION REPORT

OF THE

MALIA STATE

FOR THE YEAR 1913-14.

ROYAL ASIATIC LIBRARY

PRINTED AT

Kagdi Parshotam Parmanand's "Liberal Laxmi" Press:—

RAJKOT;

1914.

No. of 1914.

From,

MAJOR C. F. HAROLD,

POLITICAL AGENT, MALIYA.

To,

THE AGENT TO THE GOVERNOR,

KATHIAWAR.

Political Agent, Maliya Office.

Rajkot 25th

Camp ~~Veraval~~, June 1914.

SIR,

I have the honor to submit the Annual Administration Report of the Maliya Taluka for the year ending 31st March 1914.

CHAPTER I.

General and Political.

2.	Area	103 Square miles.		
	Population.	12,134	Souls	
	Gross Revenue	Rs. 1,49,673		
	Baroda Tribute	Rs.		1,182
	Junagadh Jortalbi	Rs.		185
			Total Rs.	1,367

The Ruling Family.

3. Thakore Raisinhji Modji, the Chief is 48 years of age and a Jadeja Rajput by Caste. His wife is a daughter of the Malwan Bhayat of Dhrangadhra. He has 3 sons. The eldest, Kumar Shri Gumansinhji, the heir apparent is 28 years of age, and continues to reside with the Thakore Saheb of Rajkot as his

Honorary Hazur Personal Assistant. During the latter part of the year he has been obliged to go to Bombay for change of air. Kumar Bharatsinhji, the second son, is 20 years of age and successfully passed the full course of the Police Training School at Nasik in June last. He was appointed a Deputy Superintendent of Police in the Kaira District in September 1913. Kumar Balsinhji, the third and the youngest son, who is in his twelfth year, is still at the Talukdari Garasia School, Wadhwan Civil Station.

4. Bai Shri Subjiba, the widow of the late Chief, continues to reside at Khakhrechi and receives a Jiwai from the State.

Important events.

5. No important event is to be recorded this year.

6. The Political Agent in charge (Major C. F. Harold) paid a visit to Maliya in the month of November 1913.

State & Residency officials.

7. The personal of the State establishment is shown in Appendix I.

CHAPTER II.

Administration of the land.

Revenue & Settlement.

8. The "Chokhabhag" system obtains in the State and is satisfactory.

9. A considerable amount of silt has now been deposited on the Karadia reclamations. The Political Agent (Major C. F. Harold) saw the lands in company with the Agency Engineer, Kathiawar, (Mr. Proctor Sims) in the month of November 1913. The latter advised plantations on a small scale at the south end of the tank. This experiment will be tried next year. As regards the other reclamations in the Maliya Sim, the Bundh having been put up only about two years ago, no appreciable silting has yet taken place. Both these bundhs are being watched and kept in repair.

CHAPTER III.

Legislation.

10. Appendix II shows the laws in force in the Maliya Taluka.

Military Force.

Military force.

11. The Taluka possesses no Military force.

Police.

Police.

12. The strength of the force continues the same as last year. The ratio of Police to population is 3.8 per thousand and to area, .44 per square mile. The total cost during the year was Rs. 14,254 as against Rs. 17,645 during the previous year. Appendix IV shows the details of the strength of the Police, as also their cost, discipline and education.

Working of the Police.

13. Appendices V. VI and VII show the working of the Police. The percentage of convictions to the number of accused sent up for trial works out at 53. 53, as against 50 in the preceding year. The percentage of recoveries of stolen property works out at 80.69 as against 38.17 last year.

14. Compared to other States and Talukas in Kathiawar, of similar extent and revenue, the Maliya Taluka has to maintain a comparatively large police force, owing to about one forth of its population being Mianas. The increase in the number of offences is due to a comparatively larger number of non-cognizable compoundable offences which were reported and tried during the year. In the matter of the recovery of stolen property, the year's result is satisfactory.

Village Police.

15. The total strength of the village police force is 63. Of these 54 are paid servants and 9 "Jivaidars." 13 men designated "City Police Men" serve in Malia town under the direct supervision of the Chief Constable, while the rest remain in the villages and continue under the direct control of the Chief Revenue Officer, (the Thandar). 52 men of the force are armed with guns, the remainder having swords or knives. In addition to their revenue and "Chokidari duties," they render the usual assistance to the regular police in all Criminal matters.

Criminal Justice.

Criminal Justice.

16. The number and constitution of the Criminal Courts of the Taluka remain the same viz:-

I. The Court of the Political Agent in charge Malia, exercising the powers of a District Magistrate and Assistant Sessions Judge.

II. The Court of the Thandar of Maliya exercising the powers of a first class Magistrate.

III. The Courts of the Vahivatdar of Khakhrechi and the Revenue Adhikari, Maliya, exercising the powers of a third class Magistrate in Khakhrechi and Maliya Mahals respectively.

N. B. During the absence of the Revenue Adhikari, Kumar Shri Gumansinhji, the Shirestedar to the Maliya Thandar exercises the powers of a third class Magistrate in Maliya Mahal.

IV. Thakore Raisinhji continues to be an Honorary Magistrate. The work done by these Courts during the year is shown in Appendix VIII. There is an increase in the number of offences as well as in the number of offenders brought to trial as compared with the figures in the preceding year. This is due to a comparatively larger number of non-cognizable compoundable cases having been filed as stated above and disposed of during the year.

Criminal appellate work.

17. Four Criminal appeals were preferred to the Court of the Judicial Assistant Kathiawar during the year. Out of them 2 were summarily dismissed. In one case although the conviction was upheld, the sentence was reduced. One appeal was admitted, the orders of the Thandar of Maliya being set aside. One case of murder was committed to the Court of Sessions i. e., the Judicial Assistant's Court, Kathiawar, while two cases, one of rape under Section 376 and the other of grievous hurt under section 326 I. P. C. were committed towards the close of the year to the Court of the Assistant Sessions Judge i. e., the Political Agent in charge Maliya. The murder case was disposed of by the Judicial Assistant in December 1913 but went upto Government and the final orders sentencing the accused to transportation for life were received in March 1914. The other two cases of rape and grievous hurt were disposed of in April 1914, the one accused in each case being sentenced to respectively 2 and 7 years rigorous imprisonment. Appendix IX shows the Criminal Appellate work of the Taluka.

Civil Justice.

Courts of Civil Justice.

18. The constitution and the number of Civil Courts of the Taluka remain unchanged as under;—

I. The Court of the Political Agent in charge Maliya, empowered

to hear original suits upto the value of Rs. 10,000 and appeals against the decisions of the lower courts.

II. The Court of the Thandar of Maliya empowered to hear original suits upto the value of Rs. 5,000-

III. The Court of the Vahiwatdar of Khakhrechi empowered to hear suits upto the value of Rs. 250 in the Khakhrechi Mahal.

Appendix X shows the amount of the original civil work done by the different Courts and the nature and value of the suits disposed of. 53 suits were filed during the year as compared to 36 in the preceding year and the number disposed of was 60 as compared to 32 in the previous year. The value of the suits instituted was Rs. 6,229-2-6 as against Rs. 5,896-13-1 in the preceding year. The comparative increase of litigation during the year is due to the gradual restoration of normal conditions after the famine of St. year 1968 (A. D. 1911-12). The number of cases regarding landed property was 8 as against 5 in the previous year. The average duration of suits was 1 year and 1 day.

Execution of decrees.

19. Appendix XI shows the details regarding the execution of decrees. The number of applications filed during the year was 40 as against 28 in the preceding year; while the number disposed of was 44 as against 17. 8 applications remained to be disposed of at the end of the year. This increase is due to the setting in of more prosperous conditions.

Civil appellate work.

20. Appendix XII furnishes details regarding the Civil appellate work of the Taluka. There were 5 appeals filed during the year as against 6 in the preceding year. Out of these 5 were disposed of.

Extradition.

21. 14 demands for extradition were made upon the Taluka during the year as against 9 in the preceding year. The demands came from the States of Cutch, Morvi, Gondal and Dhrangadhra, and were duly complied with. In all 27 persons were surrendered. The Taluka on the other hand preferred 4 demands and obtained a surrender of 2 persons from the States of Cutch and Morvi.

Prisons.

Prison.

22. There is one Jail at Maliya and one lock-up at Khakhrechi. The Thandar of Maliya is ex-officio the Superintendent of the Jail. Prisoners sentenced to a term not exceeding 2 years are accomodated in the Maliya Jail. Those whose term of sentence exceeds 2 years are sent to the Rajkot Prison. Appendix XIII furnishes the Jail details. The number of prisoners admitted into the Maliya Jail during the year was 156 as against 217 in the preceding year; the daily average being 5·95 as compared to 9·51 in the previous year. The treatment, health and the conduct of the prisoners were satisfactory. The total cost of the Jail was Rs. 1,008-5-8 as against Rs. 916 last year.

Registration.

Registration.

23. In all 77 documents of the value of Rs. 15,893-8-0 were registered during the year under report as against 215 valuing Rs. 32,849 in the preceding year. The fees realized during the year amounted to Rs. 152 as against Rs. 322-8-0 in the previous year. Details are furnished in appendices XIV & XV.

Municipal Administration.

Municipal Administration.

24. There is no regular municipality in the Taluka, but the streets of the town are lighted and cleaned at the expense of the Taluka, which spent a sum of Rs. 956 as compared to Rs. 1,224 in the preceding year, in this connection, vide appendix XVI. The sanitation and other municipal work of the town is looked after by the Thandar.

CHAPTER IV.

Production and Distribution.

Weather and crops.

25. The rainfall for the whole of season was 29 inches as compared to 23 inches and 90 cents in the previous year, the average rainfall of the past 5 years being 18 inches and 12 cents. The rainfall was on the whole timely, satisfactory, evenly distributed and seasonable. Still the growth of fodder (grass) as also of the Agtar crops fell far short of expectations and the ultimate outturn was considerably below the normal. The " Khapedi " pest insect appeared

and caused considerable damage to the Agtar crops. The cotton crop was however healthy and good and the total outturn exceeded that of the previous years in point of quantity, but owing to the fall in prices, the cash realizations were not as good as would otherwise have been the case. On the whole the income of the year is satisfactory.

Wages and labour.

26. The demand for labour continued throughout the year and the rate of wages ran high. The prices of food grains were also high throughout the year as shown in appendix XVIII.

Forest.

27. There are no forests in the Taluka. A few clusters of Babul trees exist at some places.

Public works.

28. There is no regular Public Works Department in the Taluka. Necessary works and repairs are carried out under the supervision of the Agency Engineer or Thandar. Appendix XIX furnishes the general details of the Public Works carried out during the year. The total expenditure under this head during the revenue year ending 31-10-13 amounted to Rs. 4,336 as against Rs. 47,517 in the preceding year. The abnormally high figure in the last year was due to famine relief works.

Post Offices.

29. There are three post offices in the Taluka viz at Maliya, Khakhrechi and Wadherwa. There is a Telegraph Office combined with the Post Office at Maliya.

Mint.

30. There is no mint in the Taluka.

Agricultural stock.

31. Appendix XX furnishes details of the agricultural stock of the Taluka. The stock is extremely ample and in good condition.

CHAPTER V.

Revenue and Finance.

Revenue.

32. The total gross revenue of the year including extraordinary items such as adjustments, remissions, recoveries of outstanding and Takavi &c, amounted to Rs. 1,73,083 as against Rs. 2,07,449 (which figure includes loan from Government) in the preceding year (St. 1968). Excluding the above mentioned

extraordinary items the net cash realizations amounted to Rs. 1,49,693 as against Rs. 21,866 in the previous famine year. The revenue of the year was satisfactory.

Debts.

33. The following table will show the details regarding the indebtedness of the Taluka at the end of the revenue year 1969 ending on A. D. 31-10-13 as compared with the preceding year:—

No.	Nature of debt.	Due on 31-10-1912	Due on 31-10-1913	Remarks.
1	Old Government loan raised in St. years 1956 & 1958.	1,06,697	73,864	Including interest.
2	New Government loan borrowed in St. 1968.	87,404	83,849	Including interest.
3	Special Local Fund loan raised in St. 1956 & 1958.	2,34,389	2,13,081	
4	Debts due to Cutch incurred in St. year 1912 A. D. 1856 as settled in 1968 with the sanction of Government.	54,223	42,729	
5	Debt due to Cutch on Account of Wawania Port Trust Fund.	25,558	17,500	
	Total...	5,08,271	4,31,023	

Repayment.

34. The total repayments made during the year amounted to Rs. 73,314 in all. Of these Rs. 40,755 were paid towards interest alone, as owing to the famine of St. year 1968 (A. D. 1911-12.) it had accumulated for two years for the debts Nos. 1, 2 & 3 and for 11 years for the debt No. 5. Thus the net repayment towards principal was Rs. 32,559. Debt No. 4 bears no interest and annual instalments of Koris 15,000=Rs. 3,750 without interest, have been settled in repayment of it, to the Cutch Darbar. Under the circumstances this is very satisfactory.

CHAPTER VI.

Vital statistics.

Hospital and Dispensaries.

35. There is only one Dispensary at Maliya incharge of a Sub-Assistant Surgeon, who is under the supervision of the Agency Surgeon. The arrangements for dispensing medicines to the people of Khakhrechi through a native "Vaid" continue.

Sanitation.

36. In regard to sanitation, the cleaning of the streets of Maliya and Khakhrechi is done as usual by a small staff of sweeepers. In Maliya a special official is in charge of this work, under the supervision of the Thandar.

Vaccination.

37. Vaccination is carried out under the supervision of the Agency Surgeon and an Agency Vaccinator visits the Taluka.

Medical Aid.

38. The details of medical relief afforded at Maliya are shown in Appendix XXIII. The daily average attendance of out-door and in-door patients was 51·3 and ·8, respectively as against 51.5 and 1.5 in the preceding year.

Births & deaths.

39. The numbers of births and deaths for the Taluka were 462 and 309 respectively as against 355 and 348 in the previous year. The births average 38.07 per thousand while the deaths 25·46. There was no epidemic during the year.

CHAPTER VII.

Education.

40. Appendix XXV furnishes particulars regarding the schools maintained by the Taluka. The number of schools remains the same i. e. 7 for boys and 2 for girls. The total number of boys in all the schools was 324, while that of girls, was 102. The percentage of school going children to population comes to 3·5 per thousand, according to the last census. At Maliya there is a composite boys' school teaching English upto Standard III and Gujarati upto standard VII. All other schools teach Gujarati upto standard VII. The special arrangements for the teaching of Miana children continue.

41. The total fee receipts of all the schools amounted to Rs, 155 during the year as against Rs. 135 in the preceding year. The total expenditure on account of education was Rs. 2,972 as against Rs. 3,566 in the previous year. The increase in the last year was due to grain compensation being paid on account of famine and the reversion of staff.

CHAPTER VIII.

Library.

42. There is a small library at Maliya maintained by the Taluka. It has been registered in accordance with the standing rules and regulations for libraries.

Printing Press.

43. There is no printing press, nor is any newspaper published in the Taluka.

Customs.

44. Customs duties continue to be levied as usual. The revenue derived from them is shown under the general head "Sayer" in appendix XXII of this report. The sum of Rs. 32,820 shown under the head "Sayer" this year as against Rs. 9,396 shown in the previous year (a famine year) was actually made up as follows :—

Opium	...	...	...	...Rs.	1,952
Liquor	...	...	...	...Rs.	595
Salt	...	...	...	...Rs.	166
Customs	...	...	...	...Rs.	28,705
Bhang and Ganga		...	...	...Rs.	30
Bham	...	...	...	...Rs.	1,296
Other farms	...	...	...	...Rs.	76
				Total Rs.	32,820

Excise Revenue.

45. Appendix XXI furnishes details regarding the excise revenue of the Taluka.

Receipts and expenditure.

46. Appendix XXII furnishes details of both receipts and expenditure under various heads during the year i. e., from 1st November 1912 to 31st October 1913. Owing to the prevalance of famine conditions, last year's revenue was poor. The revenue of the year under report is good. The year was generally a good and a prosperous one and enabled the Taluka to recover very quickly from the famine of St. 1968 (A. D. 1911-12). No

extraordinary expenditure was required and this enabled the large sum of Rs. 73,314 being paid towards the Taluka's debts. This fact evidences the remarkable recuperative powers of the people. The new year has been started with a satisfactory closing balance viz., Rs. 66,238. Financially the Taluka is in a better position than it has ever been under the Agency management.

General Remarks.

47. The Thandar Azam Venishanker H. Vaishnav and Chief Constable Fatehmahmad Ahmed performed their respective duties very satisfactorily throughout the year.

The Political Agent's personal staff under Mr. Jhaverchand Khetshi as Shirestedar from 22-7-1913 have also done their work well.

I have the honour to be,

Sir,

Your most obedient servant,

C. F. HAROLD, Major,

Political Agent,

Maliya.

APPENDIX I.

Names of high officials in the Maliya Taluka and Residency officials showing changes in personnel during the year 1913-14.

Name of officer.	Appointment.	Period.		Remarks.

C. F. Harold Major.

Political Agent, Maliya.

Thakore Saheb Rajsinhji of Maliya.

Respected Sir,

In compliance with your orders, I have the honour to submit the following Report of the Administration of this State for the year 1914-1915 A. D. (St. 1970).

Maliya Hazur Office,
10th April 1915

I have the honour to be
SIR,
Your Most Obedient Servant
JAYSUKHRAM LAKSHMIRAM PARGHI,
Kamdar Maliya.

ANNUAL

ADMINISTRATION REPORT

OF THE

MALIYA STATE

For the year 1914--15.

CHAPTER I.

GENERAL AND POLITICAL.

1.	Area...	...103 Square Miles.	
	Population	...12, 134 Souls according to census of 1911.	
	Gross Revenue	Rs.	149351-0-0.
	Baroda Tribute	Rs.	1,182.
	Junagadh Jortalbi	Rs.	185.
		Total...Rs.	1,367

The Ruling Family.

2. Thakcre Saheb Rajsinhji Modji the Chief is 49 years of age and a Jadeja Rajput by caste. He has received his education at the Rajkumar College Rajkot in the eighties. His Rani is a daughter of the Malwan Bhayat of Dhrangdhra. He has three sons. The eldest Kumar Shri Gumansinhji the heir apparent is 29 years of age and continues to reside with the Thakore Saheb of Rajkot as his Honorary Hazur Personal Assistant. Kumar Shri Bharatsinhji the second son is 21 years of age and is doing duty as Deputy Superintendent of Police at Larkhana in Sind. Kumar Shri Balsinhji the third and youngest son, who is in his thirteenth year is prosecuting his studies in the Talukdari Garasia School Wadhwan Civil Station,— where he is reported to be doing well.

3 Ba Ma Shri Subjiba Saheb the widow of the late Thakor Saheb continues to reside at Khakhrechi and draws the usual fixed Jiwai.

Installation of the Thakore Saheb

4 The Government of Bombay were pleased to withdraw the administration over the State and to sanction the installation of Thakore Shri Rajsinhji on the Gadi of his ancestors and the ceremony was performed by Major C. F. Harold Political Agent Halar Prant in the presence of a large gathering composed of Bhayats, Officers, Sethias and Members of Deputations sent by the various States of Kathiawar and Gujrat on 25th September 1914 when he read the following address:—

THAKORE SHRI RAJSINHJI.

"It is a great pleasure to me to come here to perform the duty of installing you upon the Gadi of the Maliya State, a duty which has been deputed to me by the Agent to the Governor in Kathiawar.

2. You are now 48 years of age and are well aware of the difficult times through which the Maliya State has passed. In 1892 it was taken under Agency Management as the State was found to be deeply involved in debt.

3. In St. 1956 the State was very hard hit by the famine and was obliged to raise loans ~~have~~ to enable it to tide over the situation. All these debts have to a very great extent been paid off. The total debt of the State now amounts to about Rs. 3,74,000 and there is no reason, granted the next three or four years are favourable, that this debt should not be paid within that period, but your administration must continue to be one of rigid economy. It is your duty to rid the State of its burden of debt as soon as possible and to accumulate a reserve sufficient to meet in the future any demands on account of famine and scarcities that may be made upon it. I would draw your attention to the fact that in the last two years the total amount of debt paid off came to a large sum of Rs. 1,53,314. There is no reason why you should not do even better than this provided that next few years are good ones and the most rigid economy is observed in all departments of the State. In Mr. Jayeukbram Laxmiram Parghi I know you will have a very able and careful Kamdar.

4. It is usual on such occasions as these to give advice to young Chiefs who are about to accept the responsibilities of ruling their States but it seems hardly necessary to do this in your case. You have, through no fault of your own been kept out of your heritage for a long time. I would however, suggest to you the following principles by which I hope your rule will be guided.

(1) that the rights of your people as established by custom and law should not be interferred with.

(2) that the public revenues of the State should be used for public purposes only.

(3) your aim should be to improve the resources of your State by legitimate means, and to leave your State to your heir, when the time comes (I hope that time is far distant) in a sound financial and prosperous condition.

5. It is hardly necessary for me to say that the happiness and prosperity of your people who are now entrusted to your care should always be your first consideration.

6. I will now perform the ceremony of placing you on the Gadi and of handing over to you the keys of the State Treasury.

5. The reply of the Thakore Saheb to the above address was as follows.

Major Harold, His Highness Sir Waghji G. C. I. E. Thakore Saheb Morvi, Bhayats, and Gentlemen.

" Major Harold, I am greatly indebted to you for taking the troubles of coming down here in this rainy season to instal me as deputed by the Agent to the Governor, Kathiawar. I must frankly admit here that I would not have got better opportunity than this to express my sense of unswerving loyalty and devotion as a tributary Chief towards the person and throne of His most gracious Majesty the King Emperor. I am prepared to help the British Empire with the whole resources of my State and would gladly join active service if necessary. In consequence of my advanced age and the long Agency Management over my State I have already obtained the necessary insight into the State affairs. In short, I beg leave to say that the chief object of a ruler of a Native State is to win the good wishes of the people over whom he has to rule, of the paramount power, and of God. This object can not be achieved by simply being installed on the Gadi but it needs good strong and peaceful conscience for the said object. At present my State is deeply involved in debts in consequence of the loan raised in the famine

years to successfully tide over the situation. And I am highly obliged to you for the valuable and sound advice given by you with regard to the way as to how the debt should be paid off, and I would not fail to avail myself of the opportunity to prove this by deeds rather than by words. I have acted upon you fully to your advice and shall leave no stone unturned to try to repay the debt and shall repay it as soon as possible by enforcing rigid economy in all the departments of the State. Although the people over whom I have to rule are not so civilised when compared to Ryots of the neighbouring Talukas, still I hope that I will not find it difficult to do so, with the legitimate and friendly advice of the Agency. Although Mr. Jaysukhram Laxmiram Parghi is with me for a very short time, I have been able to find that he will surely prove worthy of the trust I repose in him and I am very thankful to you, Sir, for finding out such a man for me.

2. My special and best thanks are also due to His Highness the Thakor Saheb of Morvi for his kindly taking the trouble and coming down here to take part on this auspicious occassion and rendering assistance in many ways.

3 In conclusion I again offer my sincere thanks to you Sir, for having come so long a distance and having presided over this installation. I further beg to request you to convey to Government through the Agent to the Governor my deep expression of loyalty towards the British Empire and I fervently pray that may God always give victory to the British Arms."

6. In commemoration of this auspicious event Major Harold next at the request of the Thakore Saheb announced that in future primary education will be free through out the State and that within the State, customs duty will in future only be charged once.

Political relations.

7. The Political relations with the neighbouring States of Morvi, Dhrangdhra and Cutch were as cordial as in the previous year.

Domestic events.

8. The Rani of K. S. Gumansinhji the heir apparent gave birth to a third son in December 1914.

9. Maharaj Shri Vasudevprasadji religious Head of the ShriSwaminarayan sect of the Ahmedabad and Muli division graced the installation with a number of disciples. And the Brahmacharis gave benefit of their coming by giving religious preachings to the followers of that Sect.

Acharya Maharaj's visit.

10. The Thakore Saheb toured in all the villages of the State in company of the Kamdar and examined the Revenue Wahiwat in vogue and got himself thoroughly acquainted with the requirements of the people and impressed upon them the necessity of improving the lands lying waste and uncared for. He allowed one share more to those cultivators who raised irrigated crops and got their blessings.

District Tour.

11. H. H. Sir Waghji G. C. I. E. Thakore Saheb of Morvi paid a visit to Maliya and stayed for two days on the occasion of the installation of the Thakore Saheb in September 1914. Prizes and sweets were distributed to the boys and girls at the hands of H. H. the Thakore Saheb of Morvi in the Shamiana on the morning of 26th September.

Visits of Chiefs.

12. Major C. F. Harold the Political Agent Maliya and latterly of Halar paid a visit to Maliya on 24th September to instal the Thakore Saheb on the Gadi and left it on the following day. He came a second time in his official district tour on 9th December and left on the 13th. He visited all the institutions of the State and was pleased with what he saw and distributed prizes to the boys and girls of the Local schools.

Visits of the Political officers.

13. This State possesses 2/5 shares in Kataria a village in Wagad under Cutch. The other 3/5 shares are enjoyed by the Jadejas of Wandhia and Chitrod half by half.

14. Appendix I gives the details of changes in the personnel of the staff during the year under report.

Changes in the staff.

CHAPTER II.

Administration of Land.

The " chokhabhag " system continues and it is found to work satisfactorily.

Revenue & Settlement

15. During the last monsoon 85 Acres and 2 Gunthas of Padtar cultivable land was brought under the plough which fact shows improvement in the right direction.

16. On account of want of rain and latterly of moisture the desired experiment of plantation on a small scale at the south end of the Karadia Bank could not be made as promised last year. But arrangement has been made to get it watched and repaired and the promised experiment will be made next year. There is no appreciable improvement in the lands covered by the Maliya Sim Bundh. However, steps are taken to repair the washed off portion of the bundh to obviate further damage.

CHAPTER III.

Legislation.

Legislation

17. The courts of the Taluka are generally guided by the spirit of the British Laws in force. Appendix II. supplies the information on this point.

Military Force.

Military Force.

18. The Taluka possesses no Military force.

Police.

Police

19. The strength of the Police continues the same as in the preceding year. The ratio of Police to population is 3·8 per thousand and to area ·44 per square mile. The total cost during the year was Rs. 14066 as against Rs. 14254 in the preceding year. Mr. Ramchandra Ganpatram whose services have been lent by the Agency is the Head of the Police and is doing well.

20. Appendix IV shows the details of the strength of the Police as also their cost discipline and education.

Working of the Police

21. Appendix V, VI & VII deal with the work of the Police. The percentage of convictions to the number of accused sent up for trial works out at 62·33 as against 53·53 in the preceding year. The percentage of recoveries of the stolen property works out at 60·65 as against 80·69. When this large expenditure is compared to other States and Talukas of similar status, extent and revenue situated in the Kathiawar Agency, it seems that Maliya State has to main-

tain a comparatively larger Police force, since about ¼ of its population are Mianas a mischievous and fighting class of people who require constant watching and who are not prone to do honest field work.

Village Police

22. The total number of Village Police is 63 of which 54 are paid in cash whereas 9 have got land on service tenure. 13 men are designated "City Police Men" who serve in Maliya Town under the direct supervision of the State Fouzdar while the rest remain in the villages and are under the control of the Wahiwatdars of the respective Mahals. 52 men of the force are armed with guns while the remainder have swords and knives. In addition to revenue and chokidari duties they render all assistance to the Regular Police in the prevention and detection of crimes.

Criminal Justice.

Criminal Justice.

23. The number and constitution of the Criminal Courts remain the same viz:—

I The Hazur Court. It exercises all the powers of the fourth class State of the Kathiawar Agency and hears Appeals from the decisions of the Subordinate Courts.

II The Court of the Nyayadhish of Maliya exercising the powers of a first class Magistrate.

III The Court of the Wahiwatdar of Khakhrechi exercising the powers of a third class Magistrate.

24. After the withdrawal of the British Administration the Court of the Political Agent Maliya and the Court of the Thandar Maliya were turned into Hazur Court and Nyayadhish Court Maliya respectively.

25. The work done by these courts during the year under report is shown in Appendix VIII. There is an increase in the number of offences as well as in the number of offenders dealt with as compared with the figures of the previous year. This is mainly due to a larger number of non-cognizable compoundable cases filed by the Mianas and disposed of during the year. Nyayadhish Mr. Harjivandas Vithalji has worked well.

Criminal Appellate work

26. Two Criminal appeals were preferred to the Court of the Judicial Assistant Kathiawar during the year. Of these one appeal was admitted and the orders of the Assistant Sessions Judge were set aside, while in the other case the conviction and sentence were upheld. One case under section 147 and 333 Indian Penal Code was committed to the Court of Sessions i. e. the Judicial

Assistant's Court, Kathiawar, but the accused were not found guilty and were acquitted. Two revision applications were disposed of by the Political Agent, Maliya prior to handing over of the State. Appendix IX shows the Criminal Appellate work of the Taluka.

Civil Justice.

Civil Justice.

27. There are three Civil Courts in the State viz:—

I The Hazur Court formerly the Court of the Political Agent in-charge Maliya is empowered to hear original Civil Suits upto the value of Rs. 10,000 and hears appeals against the decisions of Lower Courts.

II The Maliya Thandar's Court now Nyayadhish Court empowered to hear original suits upto the value of Rs. 5,000.

III The Court of the Wahiwatdar of Khakhrechi empowered to hear suits upto the value of Rs. 250 in the Khakhrechi Mahal.

28. Appendix X shows the amount of the original Civil work done by the different Courts and the nature and the value of the suits disposed of. 47 suits were filed during the year as compared to 53 in the preceding year and the number disposed of was 49 (including 2 cases remaining undisposed of at the end of the year) as compared to 60 in the previous year. The value of suits instituted was Rs. 820-1-3 as against Rs. 6229-2-6 in the preceding year. The number of cases regarding landed property was 9 against 8 in the previous year. The average duration of suits was 1 month and 13 days which may be deemed satisfactory.

Execution of Decrees

29. Appendix XI gives the details regarding the execution of decrees. The number of applications filed during the year was 68 against 40 in the preceding year; while the number disposed of was 76 including applications remaining undisposed of at the end of the last year against 44 in the preceding year. The increase is mainly due to the setting in of normal conditions.

Civil Appellate work

30. Appendix XII furnishes details regarding Civil Appellate work of the State. 7 appeals were filed during the year against 5 in the preceding year. To this number when 2 appeals remaining undisposed of in the previous year is added the total comes to 9 out of which 6 were disposed of during the year under report. The average duration of these appeals was 5 months and 3 days since one appeal was lying undisposed of over a year, because the summonses could not be served as the parties lived in Cutch.

Extradition.

Extradition

31. 3 demands for extradition were made upon the Talukas as against 14 in the preceding year. The demands came from the States of Cutch and Rajkot and were duly complied with. In all 6 persons were surrendered. The Taluka on the other hand preferred one demand and obtained surrender of one person from the Agency.

Prison.

Prison

32. There is one prison at Maliya and one lock-up at Khakhrechi. The Nyayadhish of Maliya is Ex. Officio Superintendent of the Jail. Appendix XIII furnishes the Jail details. The number of prisoners admitted into the Maliya Jail during the year was 131 as against 156 in the preceding year. the daily average being 10·58 as compared to 5·95 in the previous year. The treatment, health, and the condition of the prisoners were satisfactory. The total cost of the Jail was Rs. 887-12-7 as against Rs. 1008-5-8 last year.

Registration.

Registration

33. In all 125 documents of the value of Rs. 30282-3-0 were registered during the year under report as against 77 valued at Rs. 15893-8-0 in the preceding year. The fees realized during the year amounted to Rs. 239 as against Rs. 152 in the previous year. Details are furnished in Appendices XIV & XV.

Municipal Administration.

Municipal Administration

34. There is no constituted Municipality in the Taluka but the streets of the town are lighted and cleaned at the expense of the Taluka which spent a sum of Rs. 951 as compared to 956 in the preceding year in this connection, vide Appendix XVI. The sanitation and other Municipal work of the town is looked after by the Maliya Medical Officer.

CHAPTER IV.

Production & Distribution.

Weather & Crops

35. The rainfall for the whole season was 17 inches and 72 cents as compared to 29 inches in the previous year, the average rainfall of the past 5 years being 18 inches and 31 cents. The rainfall was not satisfactory on the whole, since there was very little

rain in August and as a result, the cotton crops did not thrive well and the outturn was comparatively much less than in the previous year. The revenue realizations were not as satisfactory as in the previous year.

Wages & Labour

36. The demand for labour continued throughout the year and the rate of wages ran high. The prices of food grains were also high throughout the year as shown in Appendix XVIII.

Forest.

37. There is no forest in the Maliya Taluka. However, efforts are being made to preserve a few clusters of Babul trees that exist in Padtar land on the bank of the Machhu river.

Public works

38. There is no public works Department in the State. Necessary works and repairs are carried out under the supervision of the Surveyor under the General Control of the Kamdar, Appendix XIX supplies the details of the work executed during the year. The total expenditure during the Revenue year ending 31-10-14 amounted to Rs. 5238 against Rs. 4336 in the preceding year.

Post Offices

39. There are three Post Offices in the Taluka viz:- at Maliya, Khakhrechi and Wadharwa. There is a Telegraph office combined with the Post Office at Maliya.

Mint

40. There is no mint in the Maliya Taluka and Briti h coin is in circulation.

Agricultural Stock.

41. Appendix XX furnishes details of the Agricultural Stock of the Taluka The stock is ample and in good condition.

CHAPTER V.

Revenue & Finance.

Revenue

42. The total gross revenue of the year including extraordinary items such as adjustments, remissions, recoveries of outstanding and Takavi &c. amounted to Rs. 163501 as against Rs. 1,73,083 in the preceding year. Excluding the above mentioned extraordinary items the net cash realisation amounted to Rs. 149351 as against Rs. 149693 in the previous year. The decrease being insignificant calls for no remark.

Debts

43. The following table will show the details regarding the indebtedness of the Taluka at the end of the year 1970 ending on A. D. 31-10-14 as well as on 31-3-1915.

No.	Nature of the debt	Due on 31-10 13	Due on 31-10-14	Due on 31-3-15
1	Old Government Loan raised in St. years 1956 and 1953.	73,864	16605	2069
2	New Government loan borrowed in St. 1968.	83849	83849	26317
3	Special Local Fund Loan raised in St. 1956 and 1958.	213081	213081	213081
4	Debt due to Cutch incurred in St. year 1912 A. D. 1856 as settled in 1968 with the sanction of Government	42729	38979	38979
5	Debt due to Cutch on account of Wawania port Trust Fund.	17500	17500	17500
	Total...	4,31023	370014	297946

Repayments

44. The revenue of the year on the whole was good and hence Rs. 79637-13-4 were paid in repayment of Government Loan. After the close of the revenue year however, Rs. 15821-3-9 were paid into Government Treasury by two instalments and Rs. 56245-14-2 were graciously remitted by Government, hence on 31-3-15 the subsequent repayments &c. amounted to Rs. 72067-1-11 or in other words Rs. 151704-15-3 have been repaid and adjusted as detailed above leaving a balance of Rs. 297945-7-11 plus interest to be paid in the coming years.

CHAPTER VI.

Hospital & Dispensaries.

45. The Maliya Dispensary is in charge of a Sub Assistant Surgeon Mr. Mangalprasad Rewashanker Chhaya whose services have been lent by the Agency to the State, and he has been doing his duty well. He gets an allowance of Rs. 10 for dispensing medicine to the people of Khakhrechi.

Sanitation

46. The sanitation of the town is looked after by the Medical officer and the cleaning of the streets of Maliya and Khakhrechi is done by a small staff of sweepers. The general health of the people was good and there was no epidemic.

47. The vaccination work was carried out as usual under the supervision of the Agency Surgeon. 511 children were vaccinated during the year under report against 463 in the preceding year.

Vaccination

48. There were 555 births as against 462 in the previous year. The ratio being 45·74 per-thousand as against 38·07 in the previous year. The number of deaths registered was 295 as against 309 in the previous year. The ratio being 24·31 as against 25·46 per thousand in the preceding year.

Births & Deaths

CHAPTER VII.

Education

49. Appendix XXV gives details regarding the schools maintained by the Maliya Taluka. The number of schools remains unchanged viz;— 7 for boys and 2 for girls. The total number of boys in all the schools was 376 while that of girls was 110. The percentage of school going children to population comes to 4 per thousand according to last census. At Maliya there is a composite school for boys teaching English upto Standard III and Gujrati upto Standard VII. The special arrangements for the teaching of Miana children continue but it appears that they do not appreciate its value. Similar arrangement has been made at Kajarda.

Education

50. The total fee receipts of all the schools amounted to Rs. 146–11-0 as against Rs. 155 in the last year. The total expenditure on account of education was Rs. 3180 as against Rs. 2972 in the previous year. The increase is due to the fact that Rs. 330-7 6 were paid on account of Inspection charges which were not paid last year. The deficit in fee receipts is attributed to the fact that Primary education in the State was made free in memory of the installation of the Thakore Saheb and the result is apparent as the number of boys and girls since then has considerably ~~been~~ increased. It is hoped that people will take advantage of this boon conferred on them by the Thakore Saheb.

CHAPTER VIII.

51. There is a small Library at Maliya maintained by the Taluka. It has been registered in accordance with the standing rules and regulations for Library.

Library

Printing Press. 52. There is no Printing Press nor is any newspaper published in the Taluka.

Customs. Custom duty continued to be levied as usual. The revenue derived therefrom is shown below:—

Opium...	1506-0-0
Liquor...	625-0-0
Salt	156-5-5
Customs	35740-12-2
Bhang & Ganja...	33-0-0
Bham	974-0-0
Other farms	71-8-0
Total...	39106-9-7

Excise Revenue 54. Appendix XXI furnishes details regarding excise revenue of the State.

Receipts and Expenditure 55. Appendix XXII gives full details ofthe receipts and disbursements of the State. Notwithstanding the expenditure of Rs. 7951 on account of Installation and of payment of Rs. 79638 to Government, the new year has been started with an opening balance of Rs. 62329 which will be deemed satisfactory.

General Remarks 56. In conclusion, I am really happy to say that the Thakore Saheb Rajsinhji takes a very keen interest in meteing out justice to his subjects and personally supervises the working of various Departments. My best and warmest thanks are also due to the able and experienced Agency Officers for the very kind and valuable assistance and sound advice they were kind enough to give from time to time. I am also glad to say that all the Subordinate Officers have rendered their hearty Co-operation to me in prompt and speedy discharge of State work.

Hazur Office.

Maliya 10th April 1915.

JAYSUKHRAM LAKSHMIRAM PARGHI,
Kamdar Maliya State.
